Discover. Learn. Empower.

CU DCPD Dress Code Policy for TPP Students

- I. Objective: University aims to encourage a professional appearance of its students during Soft Skills Sessions.
- II. Applicability: All TPP registered students.

Dear Students,

Dressing is the window to one's personality. It greatly impacts one's overall conduct in a professional culture and helps create an ever lasting impact. Department of Career Planning & Development (DCPD) plays a pivotal role in charting the career journey of its students and preparing them for a professional life. Soft Skills sessions thus play a major role in revamping a student's personality and adding charisma to it.

Therefore, it is mandatory for all the students to adhere to a formal dress code and present themselves in a professional manner, with regard to attire, personal hygiene and appearance in all their Soft Skills sessions. These standards are commensurate with our organizational practices of appropriate business conduct, professionalism and dress code.

S. No	Clothing	Male	Female
