

ME/MCA Sem 2 Lecrue Plan Summary Even Semester 2026 25TDP-662 25TDP-660										
Unit	Session No.	Topic	Objectives of the session are	Focused Skills	Activity	Duration (in mins)	Parameters	Outcomes By the end of the session, students will be able to	Homework	Announcements
Unit 1- Essential Communication and Self-Expression	1.1	Embarking upon Soft Skills' Journey	- to introduce students to the need, importance, and flow of soft skill training curriculum. - to facilitate students in connecting one another and with the trainer - to guide students towards clarity about the attitude they need to carry during the training	Orientation Growth Mindset Self-Reflection Motivation & Commitment	Trainer's Talk + Session Objective	5	Level of Participation Self-Assessment Clarity Understanding of Soft Skill Relevance Commitment to Program	- develop a streamlined thought process towards the Soft Skills program, helping them to have open-mindedness during learning process. - be well versed with the curriculum and importance of Soft Skills in their career journey which will help them to be confident speakers and wise decision makers.	Students will watch a video to understand how to perform interviews, which will help them in their activities in upcoming classes.	Students must be mandatorily present in the formal attires for their In-Class Live Assessment-I and the topics for the assessment will be allotted on the spot in the class. The assessment will be of 10 marks and the same will be contributing an average to the internal assessment.
					2, 2, 1- Video Launch	10				
					PPT- Embarking Upon Soft Skills Journey	10				
					Activity- Terrible Talent Talk	45				
					Home Task + Session Outcome	5				
	1.2	Idea Generation Skills - I/ FA1	- to introduce creative thinking techniques like brainstorming and mind mapping - to cultivate students' open-mindedness and divergent thinking abilities - to establish a judgment-free environment that encourages idea generation	Creative Thinking Brainstorming Techniques Open-Mindedness Collaboration Divergent Thinking Exploring Multiple Possibilities	Trainer's Talk + Session Objective	10	Idea Fluency and Originality Application of Techniques (e.g., Brainstorming) Collaborative Contribution Openness to Diverse Views	- structure ideas into clear, logical sequences that strengthen academic essays and professional proposals. - develop well-organized arguments supported by reasons and examples, enhancing performance in classroom debates and workplace discussions. - plan responses with coherent openings and conclusions, improving clarity in academic assessments and professional presentations.	Students will go through the link and practice on Syntactical Sentences.	
					A Topic to Assess Students	10				
					Teach PPT: Idea Generation Skills-I	10				
					Test: Impromptu- In Class Live Assessment	40				
					Home Task + Session Outcome	5				
	1.3	Syntactic Communication	- to explain grammar rules and proper sentence construction principles - to enable students to recognize and correct syntax errors in writing - to refine clarity and precision in written expression	Grammar and Sentence Structure Clarity & Precision Written Expression Language Mechanics	Trainer's Talk + Objective of the Session	5	Grammatical Accuracy (Syntax) Clarity and Precision of Expression Error Identification and Correction Language Mechanics (Punctuation, etc.)	- construct grammatically correct sentences for academic writing, professional emails, and presentations. - identify and correct grammatical errors in assignments and workplace documents, ensuring clarity in communication. - compose precise messages that reduce misunderstandings in peer collaboration and client exchanges	Students will read about "Importance of Daily Writing" and come prepared with the tips for the next session.	Students must be present for their Writes in the next class and topics will be assigned onspot.
					PPT: Exercise(Sequence it Right) + Learning Syntax and Sentence Types	15				
					Activity: Complete the sentence	35				
					PPT: SWA Questions + Tips + Practice Exercise	25				
					Vocabulary Enhancement	10				
					Home Task + Session Outcome	5				
	1.4	7Cs of Communication	- to introduce the seven principles: clarity, conciseness, concreteness, correctness, coherence, completeness, and courtesy - to demonstrate how each principle applies to professional communication - to enable students to evaluate and improve their own communication	Clarity Conciseness Concreteness Correctness Coherence Completeness Courtesy	Trainer's Talk + Objective of the Session	5	Application of 7Cs in Communication Evaluation and Diagnosis Skills Message Revision/Improvement Overall Communication Effectiveness Grammar & Accuracy Lexical Resources	- apply all 7Cs when crafting academic essays, workplace emails, and presentations. - evaluate communication samples in both academic and professional contexts to identify missing principles. - revise their own messages to meet all seven standards, improving clarity and professionalism in both study and career.	Students will read the Review Paper added on LMS come prepared in the next class for Group Discussion	Students will come prepared with the Editorial available on LMS and the same will be discussed in the beginning of the next class.
					PPT: 7Cs of Communication	15				
					Test - Surprise Test (Note Taking)	35				
					Engerjize - Picturesque Vocabulary Learning	35				
					Home Task + Session Outcome	5				
	1.5	Basics of Group Discussion	- to familiarize students with group discussion format, rules, and evaluation criteria - to teach effective participation strategies including turn-taking and active listening - to develop respectfulness toward diverse opinions in collaborative settings	Active Participation Turn-Taking Respect for Diverse Opinions Collaborative Thinking Assertiveness with Diplomacy	Editorial Discussion	10	Level of Active Participation Adherence to GD Rules (Turn-Taking) Quality of Contribution/Ideas Respect for Others' Opinions	- participate actively in structured group discussions that mirror academic seminars and professional team meetings. - demonstrate appropriate turn-taking and respectful disagreement in classroom debates and workplace collaborations. - contribute meaningful ideas while building on peers' perspectives to reach constructive academic and professional decisions.	Students will watch a video on "Presentation Skills" and learn some common tips and discuss the same on LMS Discussion forum.	Students will have to attempt Formal Quiz 1 available on LMS.
					Trainer's Talk + Objective of the Session	5				
					PPT: Basics & Do's and Don'ts of GD	10				
					Symposium: Factual Topics	45				
	1.6	Learn to Present	- to introduce the fundamentals and purpose of effective presentations - to teach basic presentation structure: introduction, body, and conclusion - to enable students to understand audience analysis basics	Content Organization Audience Analysis Vocal Delivery Visual Aids Design Confidence Building Engagement Techniques Q&A Handling	Trainer's Talk + Objective of Session	5	Content Organization and Structure Vocal and Non-Verbal Delivery Visual Aids Quality Audience Engagement/Q&A Handling	- organize presentation content with clear structure for classroom projects, client pitches, or team briefings. - create effective opening statements that capture attention in academic seminars and professional meetings. - develop closing statements with clear calls-to-action for academic assessments and workplace presentations.	Students will make PPTs on the topics given by the trainer in the class. The submission of the same will be done in the Gdrive folder shared by the trainer/ CR.	Students must come in formals as they have their Presentation Assessment the next day
					PPT: Importance of Presentation Skills	20				
					PPT: Basics of Body Language for Presentation + Topics for Formal Assessment	20				
					Activity: Present with Confidence	35				
					Vocabulary Enhancement	10				
					Home Task + Session Outcome	5				
	1.7	Presentation Skills-I	- to teach content organization strategies for logical flow - to guide students in designing effective visual aids and slides - to develop skills in selecting relevant information for presentations - to build confidence in public speaking and presentation delivery	Content Organization Audience Analysis Vocal Delivery Visual Aids Design Confidence Building Engagement Techniques Q&A Handling	Trainer's Talk + Objective of Session (Video)/Presentation Assessment	9	Content Organization and Structure Vocal and Non-Verbal Delivery Visual Aids Quality Audience Engagement/Q&A Handling	- design engaging slides for academic presentations and professional client meetings. - arrange content logically to enhance comprehension in both classroom and workplace settings. - deliver presentations with confident vocal delivery and purposeful body language, strengthening academic grades and professional credibility.	Students will watch a video on Body Language for Presentation https://youtu.be/TmkQWbT1Yis=C13tL4HA-JlweY	Students must come in formals as they have their Presentation Assessment the next day
					Activity- PPT based presentation in class/ Presentation Assessment	81				
					Home task and session outcome	5				
	1.8	Presentation Skills-II	- to teach content organization strategies for logical flow - to guide students in designing effective visual aids and slides - to develop skills in selecting relevant information for presentations - to build confidence in public speaking and presentation delivery	Content Organization Audience Analysis Vocal Delivery Visual Aids Design Confidence Building Engagement Techniques Q&A Handling	Trainer's Talk + Objective of Session (Video)	9	Content Organization and Structure Vocal and Non-Verbal Delivery Visual Aids Quality Audience Engagement/Q&A Handling	- design engaging slides for academic presentations and professional client meetings. - arrange content logically to enhance comprehension in both classroom and workplace settings. - deliver presentations with confident vocal delivery and purposeful body language, strengthening academic grades and professional credibility.	Student will watch a video on SMART Way of Success and talk about learning on LMS	
					Activity- PPT based presentation in class-/ Presentation Assessment	81				
					Home task and session outcome	5				
					Trainer's Talk + Objective of the Session	5				

Unit 2: Critical Thinking and Analytical Communication

1.9	Goal Setting	- to introduce the SMART goal framework (Specific, Measurable, Achievable, Relevant, Time bound) - to teach prioritization and planning strategies for goal achievement - to develop self-discipline and progress tracking abilities	SMART Goal Formulation Prioritization Planning & Strategy Self-Discipline Progress Tracking	<table><tr><td>Video: How to Succeed?</td><td>10</td></tr><tr><td>PPT: Goal Setting</td><td>15</td></tr><tr><td>Activity: SMART Goals</td><td>50</td></tr><tr><td>Vocabulary Enhancement</td><td>10</td></tr><tr><td>Home Task + Session Outcome</td><td>5</td></tr></table>	Video: How to Succeed?	10	PPT: Goal Setting	15	Activity: SMART Goals	50	Vocabulary Enhancement	10	Home Task + Session Outcome	5	Clarity of SMART Goal Formulation Prioritization and Planning Skills Commitment and Strategy Progress Tracking and Reporting	- formulate SMART goals to achieve academic milestones such as project deadlines and professional targets like career progression. - develop detailed action plans with measurable milestones for both coursework and workplace tasks. - establish systems for monitoring progress in academic assignments and professional projects.	<u>Students will practice on listening modules by visiting link and attempt the quiz.</u>	Students will come prepared with the Editorial available on LMS and the same will be discussed in the beginning of the next class.		
Video: How to Succeed?	10																			
PPT: Goal Setting	15																			
Activity: SMART Goals	50																			
Vocabulary Enhancement	10																			
Home Task + Session Outcome	5																			
1.10	Listen-Speak-Harmony	- to teach active listening techniques including reflective and empathetic listening - to guide students to balance speaking and listening in conversations - to cultivate awareness of verbal-nonverbal alignment in communication	Active Listening Verbal-Nonverbal Alignment Empathetic Response Balance in Dialogue Reflective Listening	<table><tr><td>Editorial Discussion</td><td>10</td></tr><tr><td>Trainer's Talk + Objective of the Session</td><td>5</td></tr><tr><td>PPT: Importance of Listening Skills</td><td>15</td></tr><tr><td>Activity: Chinese Whispering</td><td>60</td></tr><tr><td>Home Task + Session Outcome</td><td>5</td></tr></table>	Editorial Discussion	10	Trainer's Talk + Objective of the Session	5	PPT: Importance of Listening Skills	15	Activity: Chinese Whispering	60	Home Task + Session Outcome	5	Active and Reflective Listening Skills Verbal-Nonverbal Message Alignment Empathetic Response Balance and Flow in Dialogue	- practice active listening to improve classroom participation and workplace collaboration. - paraphrase messages to confirm understanding in academic discussions and professional meetings. - demonstrate balanced dialogue that fosters peer learning and effective workplace communication	Students will see an image and talk about their perception of the same on LMS (Discussion Forum).			
Editorial Discussion	10																			
Trainer's Talk + Objective of the Session	5																			
PPT: Importance of Listening Skills	15																			
Activity: Chinese Whispering	60																			
Home Task + Session Outcome	5																			
2.1	Interpretation Skills	- to develop analytical thinking and inference-making abilities - to teach students to read between the lines and understand implicit meanings - to strengthen pattern recognition and contextual awareness	Active Listening Context Awareness Critical Evaluation Inference Making Pattern Recognition	<table><tr><td>Trainer's Talk + Objective of the Session</td><td>5</td></tr><tr><td>Test: Perceive it Rightly</td><td>20</td></tr><tr><td>PPT: Interpretation Skills</td><td>10</td></tr><tr><td>Activity: Theme Perception</td><td>45</td></tr><tr><td>Vocabulary Enhancement</td><td>10</td></tr><tr><td>Home Task + Session Outcome</td><td>5</td></tr></table>	Trainer's Talk + Objective of the Session	5	Test: Perceive it Rightly	20	PPT: Interpretation Skills	10	Activity: Theme Perception	45	Vocabulary Enhancement	10	Home Task + Session Outcome	5	Active Listening and Contextual Awareness Critical Evaluation Inference Making and Interpretation Summarization Skills	- analyze texts to identify explicit and implicit meanings, strengthening comprehension in academic readings and workplace documents. - draw logical conclusions from contextual information, improving performance in exams and professional decision-making. - interpret underlying messages in various communication forms, enhancing critical thinking in classroom discussions and workplace interactions.	<u>Students will watch the video and practice on the following topics for MindMap: Home, Life, Interests, Teacher, Job, Career.</u>	Students will come prepared with the Editorial available on LMS and the same will be discussed in the beginning of the next class.
Trainer's Talk + Objective of the Session	5																			
Test: Perceive it Rightly	20																			
PPT: Interpretation Skills	10																			
Activity: Theme Perception	45																			
Vocabulary Enhancement	10																			
Home Task + Session Outcome	5																			
2.2	Idea Generation Skills-2 (KWA & Idea Generation)	- to introduce the KWA (Know-Want-Action) framework for structured ideation - to develop the ability to visually organize and expand ideas using mind mapping - to foster reflective thinking and goal-oriented creativity in problem-solving	Creative Thinking Brainstorming Techniques Open-Mindedness Collaboration Divergent Thinking Exploring Multiple Possibilities	<table><tr><td>Editorial Discussion</td><td>10</td></tr><tr><td>Trainer's Talk + Objective of the Session</td><td>5</td></tr><tr><td>PPT: Explication of KWA and Mind Mapping</td><td>20</td></tr><tr><td>Activity: Innovation Odyssey</td><td>55</td></tr><tr><td>Home Task+Session Outcome</td><td>5</td></tr></table>	Editorial Discussion	10	Trainer's Talk + Objective of the Session	5	PPT: Explication of KWA and Mind Mapping	20	Activity: Innovation Odyssey	55	Home Task+Session Outcome	5	Idea Fluency and Originality Application of Techniques (KWA/Idea Generation) Collaborative Contribution Openness to Diverse Views	- clarify knowledge gaps and define actionable goals, strengthening their ability to plan academic projects and professional tasks. - create mind maps to explore, connect, and expand central ideas, enhancing organization in classroom assignments and workplace innovation. - structure and develop ideas from initial thoughts into actionable plans, improving effectiveness in academic problem-solving and professional decision-making.	<u>Students will watch a video on debate rebuttal and will prepare some rebuttal questions on the topics given on LMS (Topics: Social Media Impression, Communication Skills, The Role of Camaraderie in Preventing Harshful Content, Does Technology Bring People Closer Together or Drive Them Apart, Is Capital Punishment Justified?)</u>	Students must come in formal as they have their formal Assessment-2 the next day		
Editorial Discussion	10																			
Trainer's Talk + Objective of the Session	5																			
PPT: Explication of KWA and Mind Mapping	20																			
Activity: Innovation Odyssey	55																			
Home Task+Session Outcome	5																			
2.3	Basics of Debate	- to teach debate structure, formats, and rules - to develop argumentation skills using evidence and logical reasoning - to teach rebuttal techniques and quick thinking under pressure	Argumentation Rebuttal Techniques Research Skills Quick Thinking Persuasive Speaking	<table><tr><td>Trainer's Talk + Objective of the Session</td><td>5</td></tr><tr><td>Thematic Video: https://youtu.be/BJy0RCG5Tpw?feature=shared</td><td>15</td></tr><tr><td>PPT: Basics of Debate</td><td>10</td></tr><tr><td>Activity: Let's Argue</td><td>50</td></tr><tr><td>Vocabulary Enhancement</td><td>10</td></tr><tr><td>Home Task + Session Outcome</td><td>5</td></tr></table>	Trainer's Talk + Objective of the Session	5	Thematic Video: https://youtu.be/BJy0RCG5Tpw?feature=shared	15	PPT: Basics of Debate	10	Activity: Let's Argue	50	Vocabulary Enhancement	10	Home Task + Session Outcome	5	Argument Structure and Rebuttal Research and Evidence Use Quick Thinking/Improvisation Persuasive Speaking	- construct logical, evidence-based arguments for given motions, strengthening their performance - counter opposing viewpoints with effective rebuttals, enhancing critical thinking in classroom activities and workplace negotiations. - research and present supporting evidence convincingly, improving credibility in academic assignments and professional presentations.	<u>Students will attempt "Reading Comprehension" (First Two Passages) and share their answers in the Discussion Forum.</u>	Students will come prepared with the Editorial available on LMS and the same will be discussed in the beginning of the next class.
Trainer's Talk + Objective of the Session	5

Digital Communication	27	Social Media Skills	- to teach professional digital communication etiquette and online presence - to develop content creation skills for various social media platforms - to build awareness of personal and professional brand management	Digital Communication Etiquettes Content Creation Audience Engagement Brand Awareness Critical Digital Literacy	Trainer's Talk + Objective of the Session 5 PPT: Navigating the Digital Frontier (LinkedIn and Blogs) 15 Activity: Cold Outreach Connection 60 Vocabulary Enhancement 10 Home Task + Session Outcome 5	Digital Communication Etiquette Content Creation and Relevance Audience Engagement Strategy Critical Digital Literacy	- create appropriate professional content for social media, enhancing credibility in academic projects and workplace branding; - evaluate posts for tone, appropriateness, and brand alignment, strengthening critical judgment in classroom assignments and professional communication. - manage their digital footprint with awareness of audience perceptions, improving online professionalism for academic networking and career development.	Students will watch a video on 5 Soft Skills you will need to grow and be successful in your career and discuss what they understood on LMS.	Students will come prepared with the Editorial available on LMS and the same will be discussed in the beginning of the next class.
	28	Video Analysis	- to sharpen observational skills and attention to visual details - to teach critical evaluation of video content and messaging techniques - to develop visual literacy and understanding of production choices	Observational Skills Critical Evaluation Visual Literacy Contextual Interpretation Reflective Thinking	Editorial Discussion 10 Trainer's Talk + Objective of the Session 5 Video: Faculties of Mind 10 Activity: Video Analysis 65 Home Task + Session Outcome 5	Observational and Analytical Skills Critical Evaluation and Interpretation Visual Literacy Reflective Thinking	- identify visual communication techniques used in videos, enhancing analytical skills in academic projects and professional media evaluation. - critique messaging effectiveness and production quality, strengthening critical judgment in classroom assignments and workplace communication strategies. - connect observations to broader themes and communication principles, improving comprehension in academic discussions and professional content analysis.	Students will find a short passage from a book, article, or any written source. Identify and underline at least five words that contain recognizable root words and share them on LMS.	
	29	Basic Root Words and Contextual Vocabulary	- to expand vocabulary through understanding of word origins and etymology - to teach context clues for determining meanings of unfamiliar words - to develop understanding of prefixes, suffixes, and root relationships	Etymology Awareness Vocabulary Expansion Context Clues Usage Word Relationships Practical Application	Trainer's Talk + Objective of the Session 5 PPT: Why's and How's of Root Words and Contextual Vocabulary 15 Activity: Word Explorer 60 Vocabulary Enhancement 10 Home Task + Session Outcome 5	Etymology Awareness Vocabulary Expansion Context Clues Usage Practical Application in Sentences	- decode unfamiliar words using root word analysis, strengthening vocabulary comprehension in academic texts and professional reading. - apply newly learned vocabulary in appropriate contexts, enhancing precision in classroom assignments and workplace communication. - determine word meanings from contextual clues in sentences, improving accuracy in exam responses and professional document interpretation.	Students will watch a video of their interest (academic, sports, professional etc.) and write about it in brief on LMS.	Students will come prepared with the Editorial available on LMS and the same will be discussed in the beginning of the next class.
	210	Briefing Express	- to teach concise communication and key point extraction - to develop structured thinking for time-bound presentations - to build skills in prioritizing essential information over details	Conciseness Key Point Identification Structured Thinking Time Management Clarity Under Pressure	Editorial Discussion 10 Trainer's Talk + Objective of the Session 5 PPT: Navigating Communication Challenges 10 Activity: Dynamic Dialogue Dash 65 Home Task and Session Outcome 5	Conciseness and Clarity Under Pressure Key Point Identification Structured Thinking Time Management	- extract and present key information within 90-second timeframes, enhancing precision in academic presentations and workplace briefings. - organize brief summaries with clear structure, strengthening clarity in classroom assignments and professional reports. - communicate effectively under time pressure, improving performance in exams, interviews, and workplace meetings.	Students will attempt a test on Six Thinking Hats.	
	31	Six Thinking Hats	- to introduce Edward de Bono's parallel thinking framework - to teach perspective-taking from multiple viewpoints (facts, emotions, caution, benefits, creativity, process) - to develop collaborative decision-making using structured approaches	Perspective Taking Structured Thinking Parallel Thinking Collaborative Decision Making Creative & Logic Balance	Trainer's Talk + Objective of the Session 5 PPT: Explication of the Technique 15 Activity: Hat Symphony: Orchestrating Ideas 60 Vocabulary Enhancement 10 Home Task+Session Outcome 5	Perspective Taking/Role Play Structured and Parallel Thinking Collaborative Decision Making Creative and Logical Balance	- analyze situations from all six thinking perspectives, enhancing structured problem-solving in academic exercises and workplace decision-making. - synthesize insights from different viewpoints into balanced decisions, strengthening collaborative judgment in classroom discussions and professional projects. - apply the framework to separate emotional and logical thinking, improving clarity in academic debates and workplace negotiations.	Student will watch videos on art of persuasion and share their learning on LMS.	Students will come prepared with the Editorial available on LMS and the same will be discussed in the beginning of the next class.
	32	Art of Persuasion	- to teach rhetorical strategies: ethos (credibility), pathos (emotion), logos (logic) - to develop influence skills through ethical persuasion techniques - to build storytelling abilities for persuasive impact	Rhetorical Techniques Influence Strategies Storytelling Credibility Building Counter-Argument Handling	Editorial Discussion 10 Trainer's Talk + Session objective 5 PPT : Modes of persuasion 15 Activity: Audience Matters 60 Home Task and Session Outcome 5	Use of Rhetorical Techniques Influence Strategy and Storytelling Credibility Building Counter-Argument Handling	- employ rhetorical strategies effectively in arguments, enhancing persuasive skills in academic debates and professional presentations. - persuade audiences using credibility, emotional appeal, and logic, strengthening impact in classroom discussions and workplace communication. - craft persuasive messages with compelling narratives, improving effectiveness in academic writing and professional storytelling.	Student will watch video on paragraph writing and write a paragraph on "Importance of Social Media" on LMS.	
	33	Paragraph Writing	- to teach coherent paragraph structure with topic sentences and supporting details - to develop transition usage for smooth flow between ideas - to build unity and focus in written expression	Coherent Structure Transition Usage Unity & Focus Development Techniques Revision Skills	Trainer's Talk + Session objective 5 PPT: Dos and Don'ts of Paragraph Writing 15 Activity: Pen is Mightier than Sword 60 Vocabulary Enhancement 10 Home Task and session outcome 5	Coherent Structure and Flow (Transitions) Unity and Focus Idea Development and Support Revision and Editing Skills	- compose unified paragraphs maintaining single main ideas, improving clarity in academic writing and professional documentation. - integrate appropriate transitions for coherent flow, strengthening logical progression in classroom essays and workplace reports. - revise paragraphs for clarity, unity, and effectiveness, enhancing precision in academic assignments and professional communication.	Student will watch video on "How to start a G.P" and will write an opening for the topic "Impact of Donald's Trump Victory in India" on LMS.	Students will come prepared with the Editorial available on LMS and the same will be discussed in the beginning of the next class. Students must mandatorily come in formal for FA3
	34	Current Affairs Based GD-FA3	- to foster awareness and knowledge of contemporary issues and events - to teach evidence-based discussion using facts and multiple perspectives - to develop diplomatic handling of controversial topics	General Awareness Multi-Perspective Analysis Evidence-Based Discussion Diplomacy Real-Time Synthesis	Trainer's Talk (PPT Based) + Objective of the session 10 Activity: Navigating Current Happenings 80 Home Task + Session Outcome 5	General Awareness and Knowledge Multi-Perspective Analysis (Depth) Evidence-Based Discussion Real-Time Synthesis/Diplomacy	- evaluate current events from multiple viewpoints, strengthening analytical skills in academic discussions and professional decision-making. - defend positions using factual evidence and logical reasoning, enhancing credibility in classroom debates and workplace communication. - discuss controversial topics respectfully and diplomatically,	Student will watch the video on concrete assertiveness and will write their learnings on the LMS.	
	35	Concrete Assertiveness	- to teach direct communication of needs without aggression or passivity - to develop confidence in expressing opinions and setting boundaries - to build skills in handling disagreements constructively	Self-Confidence Boundary Setting Direct Communication Respect Maintenance Conflict Management	Trainer's Talk + Objective of the Session 5 PPT: How to be Assertive 10 Activity: Assertive Communication Challenge (Situation Deciphering) 65 Vocabulary Enhancement 10 Home Task + Session Outcome 5	Self-Confidence and Presence Boundary Setting/Conflict Management Direct Communication (Clarity) Respect Maintenance	- express needs and opinions directly and confidently, strengthening self-advocacy in classroom discussions and professional interactions. - demonstrate boundary-setting in professional scenarios, enhancing resilience in academic teamwork and workplace collaboration. - handle conflicts assertively while maintaining respect for others, improving problem-solving in academic group work and professional negotiations.	Trainer will assign themes to students to prepare for the next class. The themes can be accessible from the PPT: Theoretic Communication (session 30) which is the topic for the next class.	Students will come prepared with the Editorial available on LMS and the same will be discussed in the beginning of the next class.

Unit 3- Interpersonal Skills and Professionalism	3.6	Theatrical Communication	- to integrate dramatic techniques for enhanced expressive communication - to develop vocal variety, emotional expression, and stage presence - to teach improvisation and spontaneous adaptation skills	Expressive Delivery Emotional Expression Presence & Stage Confidence Character Interpretation Improvisation Storytelling Through Performance	Editorial Discussion 10 Trainer's Talk + Objective of the Session 5 Video: Communication is Theatre 5 Activity: Unleashing Expressive Voices 70 Home task and session outcome 5	Expressive and Emotional Delivery Stage Presence and Confidence Character Interpretation Improvisation/Storytelling	- perform messages with appropriate emotional expression, enhancing delivery in academic presentations and professional communication. - demonstrate stage presence and command attention effectively, strengthening confidence in classroom activities and workplace public speaking. - use vocal variation and body language for dramatic impact, improving engagement in academic performances and professional presentations.	<u>Students will watch a video on "Johari Window" and share their learning on LMS.</u>	
	3.7	Johari Window	- to introduce the Johari Window model for self-awareness development - to teach the importance of feedback and appropriate self-disclosure - to help students identify personal blind spots and hidden areas	Self Awareness Openness to Feedback Trust Building Interpersonal Communication	Trainer's Talk + Objective of the Session 5 PPT: Johari Window 20 Activity: Mirroring 55 Vocabulary Enhancement 10 Home Task and Session Outcome 5	Self-Awareness and Reflection Openness to Feedback Trust Building and Interpersonal Skills Communication with Others	- assess personal blind spots through peer feedback, enhancing self-reflection in academic teamwork and professional collaboration. - expand their open area by practicing self-disclosure appropriately, strengthening trust in classroom group work and workplace relationships. - create action plans for increasing self-awareness, improving personal growth in academic settings and professional development.	<u>Student will watch video on art of feedback and talk about the kinds of homework on LMS.</u>	Students will come prepared with the Editorial available on LMS and the same will be discussed in the beginning of the next class.
	3.8	Art of Feedback	- to teach constructive feedback delivery using specific and actionable language - to develop empathy and emotional intelligence in feedback situations - to build receptiveness to criticism without defensiveness	Constructive Communication Active Listening Emotional Intelligence	Editorial Discussion 10 Trainer's Talk + Objective of the Session 5 PPT: A Guide to Effective Communication and Growth 20 Activity: Feedback Exchange (Video Feedback) 55 Home Task + Session Outcome 5	Constructive Communication (Specificity) Active Listening to Response Emotional Intelligence (Tone) Follow-up and Action Planning	- provide specific, actionable feedback focused on behaviors, strengthening peer evaluation in classroom activities and professional teamwork. - receive criticism professionally and extract learning points, enhancing resilience in academic projects and workplace performance reviews. - demonstrate active listening when receiving feedback, improving collaboration in classroom group work and professional communication.	<u>Student will watch video on basics of resume writing and prepare a basic resume and submit their resumes to the trainer.</u>	
	3.9	Basics of Resume Writing	- to teach professional resume formats and essential components - to develop achievement-focused writing using quantifiable results - to build skills in tailoring resumes to specific job requirements	Professional Writing Critical Thinking Attention to Detail	Trainer's Talk + Objective of the Session 5 PPT: Basics of Resume 5 Activity: Resume Composition 60 Vocabulary Enhancement 10 Home Task and Session Outcome 5	Professional Writing and Clarity Customization to Job Description Attention to Detail and Formatting Accomplishment Highlighting	- create clear, error-free resumes highlighting relevant accomplishments, strengthening academic placement applications and professional job readiness. - customize resume content to match target job descriptions, enhancing alignment in internship applications and workplace recruitment processes. - demonstrate attention to detail with consistent formatting, improving presentation quality in academic submissions and professional documentation.	<u>Student will watch video on art of body language and will share their opinion.</u>	Students will come prepared with the Editorial available on LMS and the same will be discussed in the beginning of the next class.
	3.10	Art of Body Language	- to teach awareness of non-verbal communication including gestures, posture, and facial expressions - to develop observation skills for interpreting others' body language - to build authenticity by aligning verbal and non-verbal messages	Non-Verbal Communication Awareness Observation Skills Cultural Sensitivity Self-Regulation	Editorial Discussion 10 Trainer's Talk + Objective of the Session 5 PPT Discussion - Art of Body Language 10 Video Discussion- Decipher the Body Talk 10 Activity-Silent Enactment 55 Home Task + Session Outcome 5	Non-Verbal Communication Awareness/ Alignment of Verbal and Non-Verbal Cues Observation and Interpretation Self-Regulation/Confidence	- demonstrate confident body language aligned with verbal messages, strengthening delivery in academic presentations and professional communication. - interpret others' non-verbal cues accurately, enhancing understanding in classroom interactions and workplace collaboration. - regulate nervous habits and project appropriate presence, improving confidence in academic group work and professional public speaking.
